The worlds no 1 best seller comes at a low maintenance and low ownership cost

World's No.1 Bestseller
COROLLA
3,00,00,000 stories of passion

Check out its world class features:

Delivers powerful torque through low-to-medium engine rpms by optimising valve timing

Provides smooth acceleration through continuous optimisation

Enhances fuel economy and reduces emissions | Disk brakes and SRS airbag for extra safety

Quality comes at a price, they say! But in a Corolla, Luxury and Style come at an affordable price with very minimised maintenance costs and efficient mileage that even a Diesel Car would not give. The Toyota Corolla has carved out an exclusive niche for itself with its awesome sports car aerodynamics, compact exteriors and generous interior space .
No wonder, it's known as the World's Best Seller in its segment. So, make a smart decision with Toyota Corolla and drive around the town right now.

It's a 125cc bike and that's where the similarity ends.

ERP The Acronym that Spells Profits

MSN Solutions Inc. is a SAP solution provider for the full spectrum of enterprise and e-commerce solutions. We leverage SAP Solutions for managing enterprise resource planning (ERP) and supply chain management (SCM), as well as handle customer relationship management (CRM).

SAP Solutions ensure that key decision-makers have instant access to relevant, critical data through the latest data warehousing and enterprise portal technologies. Our SAP Solutions enable the efficient and cost-effective integration of diverse and globally dispersed enterprise computing systems.

MSN Solutions Inc.'s SAP experts offer:

- End-to-end implementation and roll out
- Integration
- Development/enhancement
- Web enabling
- Version migration
- SAP new dimension technologies
- Enterprise portals/SAP hosting
- Maintenance
- Training

CRM Developing a Culture of Satisfied Customers

If seamless integration with top CRM systems from Siebel and SAP is needed, MSN Solutions Inc. dramatically optimizes the customer-related processes. CRM users (call centers, sales, service, or marketing) can immediately access all customer related information directly from their standard CRM interface. Customer service representatives save time and money while improving their effectiveness and responsiveness.

The spectrum of services offered range from advice on strategy through complete 24 x 7 system support:

- Achieve immediate problem/inquiry resolutions and accurate communication
- Improve sale closure rate
- Increase your ability to generate revenue
- Enable more cross-selling into your customer base
- Deliver unmatched customer service
- Implement without training costs
- Reduce operational/support costs and total cost of ownership
- Ensure compliance and protect from risks

A Virtual Who's Who of Business

DEVENDRA VIDYALAYA

Devendra Vidyalaya School has since inception carved a niche as a quality school. Though located in the heart of the city the school has managed to provide an ambience that is found only in far away places. The school environment is definitely child friendly. The children have ample space to pursue studies, sports and games. The children in the primary classes have plenty of room for recreational activities. We encourage spiritual, physical as well as academic development. Devendra Vidyalaya is located at Shamshabad. alaya is located at Shamshabad. alaya is located at Shamshabad. alaya is located at Shamshabad.

[Courses Offered](#)[Student Council](#)[Medical Attention](#)[Facilities](#)[Medical Attention](#)

Courses Offered

In Devendra Vidyalaya, children bear within themselves the seed of what they will become in future. Parents and teachers work together to provide the nourishment for the seed to grow and flourish. Teachers in our school awaken the hidden faculties of the children, by closely monitoring their everyday activities. The children hone their skills like reading, writing, comprehending, and using their fingers to shape the clay all by play way method. The school follows the CBSE pattern of education and is offering coaching class I to XII. pted to register uded with yoursoftware packaSportsd that i

Ambience

Devendra Vidyalaya School has since inception carved a niche as a quality school. Teachers – student's relationship

In keeping with our philosophy, we carefully select teachers who are not only trained in their field but are also people of integrity and substance. The teachers are fully qualified professionals with plenty of experience. To them, the challenge is in making each and every child a proud member of the society.

The teachers attend training programmes organized by the school management from time to time, thereby keeping themselves abreast with the changes in the education system and the current trends. The endeavour is to provide the very best to the children. Another positive move in this direction is the regular interaction between parents and

have ample space to pursue studies, sports and games. The children in the primary e children in the primary classes have plenty of room for recreational activities. We encourage spiritual, physical as well as

ABOUT US AAROGYADHAM
Yoga Therapy Center Best way to treat your Diseases. We give you the personalized customized guidance depending on your disease /disorder correlating with your physical and mental capacity. Till the day more than 13,500 patients have been successfully treated in our centers.

Yogacharya Vishwas Mandlik with his gifted healing touch, personally treats patients with Resident Medical officers and staff handling other departments of the center.

Mantra Yoga
Japa Yoga, Requirements, State of Consciousness in Mantra Yoga, Methods of Chanting, Effects of Mantra, How to Practice & Rules of Mantra Chanting)

Mantra Yoga has its origin in Vedic Sciences and also in Tantra, infact all the verses in Vedas are called mantras, it is said that any person who can chant or sing Vedas can achieve the salvation or union with supreme consciousness only by chanting the mantras, which is the aim Mantra Yoga.

Prerequisites for Yoga
Below 12 years of age Yoga postures should not be practiced for long duration and asanas are to be maintained for very short duration.

Every day you should practice Yoga for at least 30 to 45 minutes to get maximum results.

The best suited time to practice is early morning hours, but it can be practiced in the afternoon after following food restrictions.

Food restrictions - stomach should be empty while practicing, that is you should consume solid food 3-5 hours before practicing and liquid 1 hour before.

Prone Position
(Yoga Postures in Prone position)
In this position you lie down in prone on front side of the chest and abdomen with the chin on the floor. Both hands lying besides the thighs, and palms resting on the floor.

Supine Position (Yoga Postures in Supine position)
Lie down on the back with legs together, straight extended, the toes erect and

Indian Weddings

necessary when you are importing an image containing no profile or an incorrectly embedded profile. For example, if the scanner manufacturer's default profile was embedded but you have since generated a custom profile, you can assign the newer profile.

Do one of the following:

Features

If the graphic is already in layout, select it and choose Object > Image Color Settings.

If you're about to import the graphic, choose File > Place, select Show Import Options, locate and select the file, and click Place. Then choose Color Settings from the menu at the top of the Image Import Options dialog box that appears.

For Bride

For Profile, choose the source profile to apply to the graphic in your document. If a profile is currently embedded, the profile name appears at the top of the Profile menu.

(Optional) For Rendering Intent, choose a rendering intent. In most cases, it's best to use the default rendering intent.

Click OK.

Most tools have options that are displayed in the tool options bar. The options bar is context sensitive and changes as different tools are selected. Some settings in the options bar are common to several tools (such as painting modes and opacity), and some are specific to one tool (such as the Auto Erase setting for the pencil tool).

You can move the options bar anywhere in the work area, and dock it at the top or bottom of the screen. Some settings in the options bar are common to several tools (such as painting modes and opacity), and some are specific to one tool (such as the Auto Erase setting for the pencil tool). ■

THE VIDEO SYSTEM SENDING DATA TO A GIVEN MONITOR OFTEN LIMITS HOW MANY COLORS CAN BE DISPLAYED AT ONCE.

Course Objectives

At the end of the course, the learner should be able to:

- Discuss the role of a performance management process in an organization.
- Describe the role a manager in making the performance management process effective.
- Describe the various components of a performance management process and their role at each of these stages.
- Explain and apply skills that will enable them to carry out the following tasks:
 - Goals and expectation setting
 - Performance observation
 - Performance diagnosis & analysis
 - Performance development
 - Give feedback
 - Performance coaching

- Explain the genesis and mechanics of the CRR system and its linkage to the performance management process, and the role of a manager in enabling employees to develop greater conviction in the same
- Discuss how goal and expectation setting, performance observation, performance diagnosis and analysis, performance development, and performance feedback are linked to the PerforMagic tool.

Sunil Mathur
Sales Manager

KRA

Increase client base

Sunil wants to present an innovative idea to his boss. He is in a dilemma.

- Present a radical proposal outlining the expansion plans for 2006
- Pro's: Increase customer base by 50%
- Con's: May require 50% more resources than the current limit
- Take 20% more time to yield results
- Suggestion from Anil, his colleague: Present a conventional and safe proposal to overcome possibilities of failure.

Based on the HDFC values, help Sunil make a decision about his dilemma.
